9. Discussion of water conservation measures

As Meadow Vista County Water District obtains its water from PCWA the District's own emergency water conservation measures will be based upon PCWA's amended Water Conservation plan. The District's legal counsel is currently reviewing the drought regulations set forth by the Governor of California and will notify the District of all mandatory regulations that will be placed upon Meadow Vista County Water District. It is proposed that all customers cut back water usage 25% of their 2013 usage, which was prior to any 2014 water conservation requests. Meadow Vista County Water District customers will be informed of all drought conservation measures via the District's web-site, and possibly through a mailer.

Discussion of Water Conservation measures will appear as a line item on all agendas allowing for Director's use as it becomes necessary.

10. Manager's Report – discussion of Distribution System, Plant Operations, and Administration

Financing for the placement of solar power at the water treatment plant continues to be investigated.

District personnel has been replacing the siding on the South side of the treatment plant. This siding will be painted once installation is completed. A lift will be rented to allow safe access to the high walls.

11. Closed Session

Closed Session will appear as a line item on all agendas allowing for Director's use as necessary.

Closed session was not necessary at this meeting.

12. Board's general discussion

A brief discussion or report of general items, not specifically noted on the agenda, was not necessary at this meeting.

13. Adjournment

The meeting adjourned at 3:33 PM.
